

## Adani Visible Leadership: 10 Commandments

Visible leadership involves being known for a dynamic approach towards Safety and is often attributed to personal behavior. It comes through personal believes and values. When effective safety leadership is present and visible, employees not only feel responsible for their own safety, they feel responsible for their peer's safety and the employer supports them through resources, recognition and acting on that responsibility.

The following are some of the **expected behaviors for establishing an effective safety culture through Visible Leadership.** 

| 1 Walk the Talk    | Walk the Talk - the lowest standard you walk               |
|--------------------|--|
| Walk the laik      | past is the highest standard you accept.                   |
|                    | Integrate safety consideration in all decision,            |
| 2 Integrate safety | activities and actions.                                    |
|                    |  |
| 3 Facilitate       | Facilitate risk management by Integrating Safety in        |
|                    | Design and Operations to address vulnerabilities.          |
|                    | Lead the Change - Participate & facilitate other's         |
| 4 Lead the Change  | involvement in Health & Safety initiatives.                |
|                    | Interact with others to engage in Safety talks for         |
| 5 Interact         | enhanced Health & Safety understanding.                    |
|                    |  |
| Report,            | Report, encourage others and resolve safety & vulnerabilit |
| encourage          | related issues, learning from lead and lag parameters.     |
| Reward &           |  |
| Recognize          | Reward & Recognize safe behavior and Felt Leadership       |
| Support &          | Support & Hold Safety high - Intervene reinforce           |
| Hold Safety high   | positive behavior and correct At-Risk behavior.            |
|                    |  |
| 9 Mentor           | Mentor - Support & Guide new stakeholders                  |
| Mentor             | on Safety Guidelines & Standards.                          |
|                    |  |
| Reprimand          | Reprimand people for willful infringement of               |
